NAVARINO NATURE CENTER MEMBERSHIP

Navarino Nature Center (NNC) is located in the southeastern section of Shawano County, within the 15,000 acre Navarino Wildlife Area (WI DNR).

NNC leases a 40-acre portion of land within the Navarino Wildlife Area. Located around the Nature Center is a sheltered picnic area, an amphitheater, an ADA-accessible trail system, a boardwalk, a nature playscape, and an all-season educational building that is accessible to people of all abilities. Also located around the Center are rustic restrooms, parking areas, and pollinator gardens.

In 2016, NNC, along with the many donors, added the “Exploring Habitats Trail”. This trail is an ADA-accessible trail through a prairie, an ADA-accessible boardwalk crossing a wetland, and continues on a forest loop. This trail system is a packed-gravel trail, making it so that people of all abilities may participate and enjoy being on the trails.

NNC is a “green” facility, as it uses solar panels and geo-thermal technology to generate energy. This makes NNC a more sustainable building and significantly decreases its carbon footprint.

Our programs are designed to provide visitors with an opportunity to experience and discover nature first-hand. Programs and activities are available for visitors of all ages and capabilities.

Of the almost 100 miles of trails within Navarino Wildlife Area, 12 miles of those are just outside of the Nature Center and are groomed and maintained by staff and volunteers year-round.

**Pets are allowed on the wildlife area, but not allowed on the groomed ski trails during the winter season. During that time NNC has established a designated area for walking your pets.*
